

**IUPAC Project Progress Report**

**Date:** December 2005 ; Period: July 2005 – February 2006

**Project number:** 2003-015-1-500

**Project Title:** Terminology, quantities and units concerning Production and Applications of radionuclides in radiopharmaceutical and Radioanalytical Chemistry

**Task Group Leader:** Mauro L. Bonardi

**Starting date:**

**Report:**

1. Projected completion date (documents ready for external review): expected 2006
2. Have the project objectives been modified during the last 6 months? NN
3. Please list the task group members involved in the work during the last 6 months: Zeev B. Alfassi, Ren Iwata, Vladimir Kolotov, Geerd Meyer, David Shlyer, Leonard Wiebe.
4. Difficulties encountered (or concerns): NN
5. Please list the to-date results (outputs) of the project: new definitions of concepts, terminology, quantities and units concerning isotopic and non-isotopic carrier, carrier free, no carrier added, carrier added, specific activity, isotope dilution factor, radiochemical separation, chemical and radiochemical yield. Related topics.
6. Please list the dissemination events (viz. articles, CD, conference presentations; etc.)
  - (i) already accomplished;

**Publications/articles:**

International Conference on Applications of Nuclear Techniques, Crete, Greece, Sep 2004. No expenses for IUPAC.

- M.L. Bonardi, The new IUPAC Project on “Terminology, quantities and units concerning Production and Applications of radionuclides in radiopharmaceutical and Radioanalytical Chemistry, Winter Meeting of the ANS, Washington DC, USA Nov 2004, invited paper, session organization. No expenses for IUPAC.

(ii) planned

**Conference:**

- 7<sup>th</sup> Int. Conference on Methods and Applications of Radioanalytical Chemistry, MARC-VII, Kona, USA, April 2006, invited papers, session organization. No expenses for IUPAC.

7. If your project is within 6 months of completion, how do you plan to utilise any remaining budget for this project? NN

8. Work on this project may have identified new problems, issues, challenges, emerging topics, opportunities for related projects, etc. Please indicate these here so that the Division can follow up on them. NN
